Employment Opportunity

Title:	**Software Developer**
Reports to:	**Software Development Manager**
Hours:	**Full-time with the ability to work flexible hours (salaried position)**

Position Overview

The self-motivated Software Developer will join Quest CE's dedicated Information Technology Team and report to the Software Development Manager. They will have responsibilities for developing new functionality within our existing software platforms and maintaining our two, proprietary online systems: a learning management system and a compliance tracking system. The Software Developer will work across multiple teams to deliver a best-in-class customer experience with our platforms. Expectations are high for this role, and so are the rewards!

Company Overview

Quest CE is located on the western edge of Milwaukee, so we have the benefits of the city environment without the parking problems associated with a downtown firm. Parking is free as are the snacks, coffee and soda available to our team every day. We enjoy a casual work environment, while working with top technology systems. The collaborative team environment and our focus on work-life balance for our team members are some of the reasons we are on the 2019 list of Best and Brightest Places to work in Milwaukee, Fortune Magazine's Best Workplaces for Women, Entrepreneur Magazine's Annual 360 List of Well-Rounded Businesses for 2018, the GRC Innovation Award for one of our proprietary web-based technology platforms, to name but a few of our honors.

Seeking Candidates Who

- Are self-motivated, detail-oriented, organized, and able to prioritize and manage multiple projects and responsibilities
- Have experience working in a fast paced team environment
- Possess excellent interpersonal and communication skills, both written and verbal, and the ability to effectively communicate with clients (internal and external).
- Are able to quickly learn new software applications and apply a high-level of problem-solving skills

Compensation and Benefits

- Competitive salary range (depending on experience) - $70k to $75k, with annual salary reviews
- Full suite of benefits including health/dental/vision insurance, paid holidays and a generous PTO benefit, company-matched 401(k) plan, team focused events including Brewer outings and monthly themed "food days", a share in the company's profits, use of the corporate Milwaukee Zoo membership, and more.

Required Skills

- Bachelor's Degree in Computer Science or Engineering
- 3+ years of hands on experience in designing web based applications
- Experience developing software using JavaScript, ASP, or Classic ASP languages
- Full Stack Developer comfortable on all sides of the application development process
- Excellent knowledge of Relational Databases (MSSQL)
- Experience creating and integrating with API's
- Proficient in Internet related applications such as E-Mail clients, FTP clients and Web Browsers

Qualified and interested candidates are encouraged to send a resume to jobs@questce.com attention Adam Krenke, EVP of Operations. Please visit our corporate website for more information on Quest CE.
